

**ADMM-Plus Maritime Security and Counter Terrorism
WPNS Workshop, Jakarta Indonesia
25 - 28 January 2016**

BACKGROUND & EXERCISE OBJECTIVES

Background

- Proposed EWG on MS Work plan to conduct ADMM-Plus MS & CT Ex in
 - October 2013
 - Adopted by ADSOM-Plus in April 2014
 - Welcomed by 8th ADMM in May 2014
- Build upon collaborative model of two EWGs, following the successful ADMM-Plus HADR & MM Ex in June 2013.
- Synergy between the EWG on MS and EWG on CT would deliver tangible benefits.
- Mil to Mil Concept will enhance practical cooperation and interoperability against MS & CT.

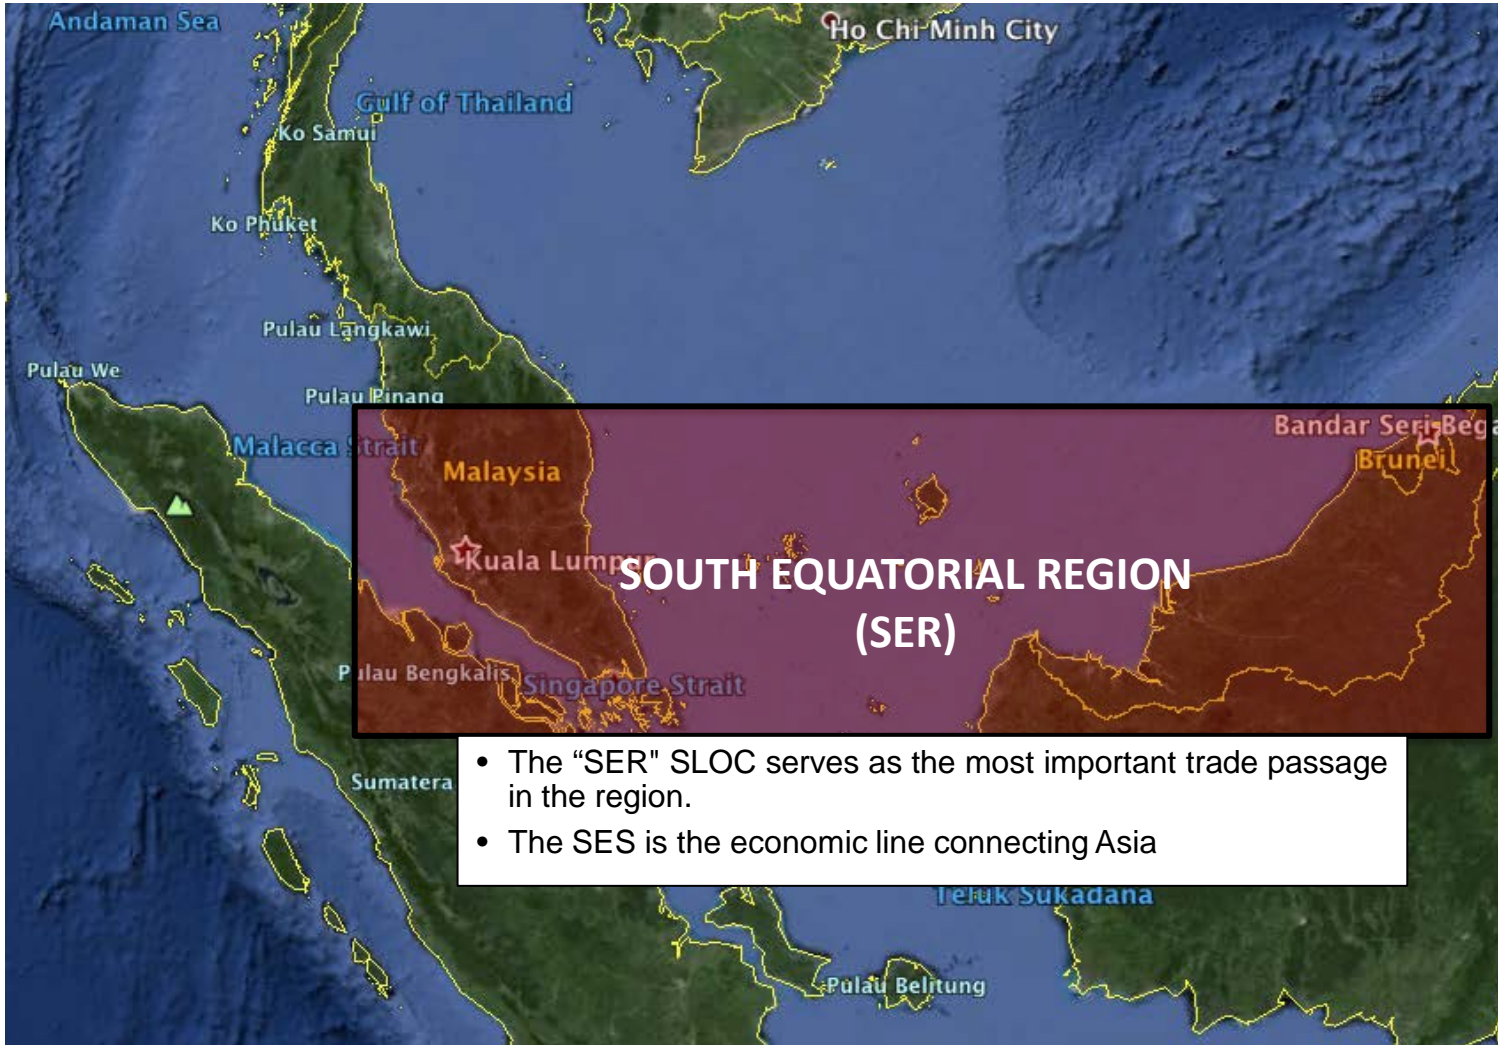

BACKGROUND & EXERCISE OBJECTIVES

Exercise Objectives

- Maintain the momentum for practical cooperation between the ADMM-Plus Expert Working Groups
- Enhance interoperability between ADMM-Plus nations in responding to maritime terrorism
- Promote information sharing on maritime terrorism
- Provide a better understanding of the capabilities of the ADMM+ nations in responding to relevant & contemporary scenarios

BACKGROUND

- The "SER" SLOC serves as the most important trade passage in the region.
- The SES is the economic line connecting Asia

- SEA Guardians attempting to procure WoMD that the SES SLOC are also used.
- There are also reports of collusion by these organizations and pirates / sea robbers operating in this area.

- Cargo ships and offshore platforms are vulnerable to hijacking by terrorist groups i.e SEA Guardians
